EMPLOYEE VIEWPOINT SURVEY

- **Results are from EVS disseminated in Fall 2020 (delays in receipt of data from OPM due to COVID-19 impacts)**
- **Results reflect an organization in MAP transition**
 - Overall, many positive results; response rate (63%) higher than previous years
 - Decreases in some areas appear related to MAP transitions
 - Areas of concern for some offices offset by higher scores in other offices
 - Overall satisfaction with job (83%) and organization (79%) down slightly from previous year, but remain strong
 - Feeling of personal accomplishment strong in every branch
- **New EVS anticipated in November 2021**
