1. Today's date is ______/_____/______

2. Your agreement begins on __________ and expires on __________

3. Total Sales Price: $5.00

CANCELLATION: Daily rates are non-refundable.

WAIVER AND RELEASE OF LIABILITY: The Fitness Center and NASA Goddard Space Flight Center (GSFC) urges you and all members to obtain a physical examination from your doctor before using any exercise equipment or participating in any exercise class. All exercises, including the use of weights and use of any and all machinery, equipment, and apparatus designed for exercising shall be at the member’s sole risk. Member understands that the agreement to use or selection of exercise programs, methods and types of equipment shall be member's entire responsibility, and the Fitness Center or NASA GSFC, Contractors of NASA GSFC, or other employing entity, shall not be liable to member for any claims, demands, injuries, damages, or actions arising due to injury to member's person or property arising out of or in connection with the use by member of the services, facilities, and premises of the Club. Member hereby holds the Fitness Center, NASA GSFC, its officers, owners, agents and employees, contractors of NASA GSFC, or other employing entity harmless from all claims which may be brought against them by member or on member's behalf for any such injuries or claims.

Physical Activity Readiness Questionnaire - PAR-Q
(revised 2002)

Regular physical activity is fun and healthy, and increasingly more people are starting to become more active every day. Being more active is very safe for most people. However, some people should check with their doctor before they start becoming much more physically active.

If you are planning to become much more physically active than you are now, start by answering the seven question in the box below. If you are between the ages of 15 and 69, the PAR-Q will tell you if you should check with your doctor before you start. If you are over 69 years of age, and you are not used to being very active, check with your doctor.

Common sense is your best guide when you answer these questions. Please read the questions carefully and answer each one honestly: check YES or NO.

</tbody>
</table>

**YES to one or more questions**
Talk with your doctor by phone or in person BEFORE you start becoming much more physically active or BEFORE you have a fitness appraisal. Tell your doctor about the PAR-Q and which questions you answered YES.
- You may be able to do any activity you want — as long as you start slowly and build up gradually. Or, you may need to restrict your activities to those which are safe for you. Talk with your doctor about the kinds of activities you wish to participate in and follow his/her advice.
- Find out which community programs are safe and helpful for you.

**NO to all questions**
If you answered NO honestly to all PAR-Q questions, you can be reasonably sure that you can:
- start becoming much more physically active — begin slowly and build up gradually. This is the safest and easiest way to go.
- take part in a fitness appraisal — this is an excellent way to determine your basic fitness so that you can plan the best way for you to live actively. It is also highly recommended that you have your blood pressure evaluated. If your reading is over 144/94, talk with your doctor before you start becoming much more physically active.

**DELAY BECOMING MUCH MORE ACTIVE:**
- If you are not feeling well because of a temporary illness such as a cold or a fever — wait until you feel better; or
- If you are or may be pregnant — talk to your doctor before you start becoming more active.

**PLEASE NOTE:** If your health changes so that you then answer YES to any of the above questions, tell your fitness or health professional. Ask whether you should change your physical activity plan.

Informed Use of the PAR-Q: The Canadian Society for Exercise Physiology, Health Canada, and their agents assume no liability for persons who undertake physical activity, and if in doubt after completing this questionnaire, consult your doctor prior to physical activity.

**NO changes permitted. You are encouraged to photocopy the PAR-Q but only if you use the entire form.**

**Note: This physical activity clearance is valid for a maximum of 12 months from the date it is completed and becomes invalid if your condition changes so that you would answer YES to any of the seven questions.**

Physical activity is good for the mind and the body. However, there is some risk involved in initiating a physical activity program. We at the GSFC Fitness Center want to assure your safety. Some brief medical screening can indicate whether it is safe for you to increase your physical activity level (such as by joining the NASA Goddard Fitness Center), or should see your doctor first.

High blood pressure (hypertension), is considered the most common disease of heart and blood vessels. If left unchecked, it can also damage other organs such as brain and kidneys.

Thus, for your safety, NASA policy requires initial and annual blood pressure screening for fitness center participants. Because your blood pressure varies naturally through the day, and can be affected by such things as being under stress or caffeine consumption, it is best if measured several times, and under average daily conditions. Blood pressure is measured both during the heart beat (pulse), which is the higher number, and between beats, the lower of the two numbers.

Hypertension is defined as pressure equal to or greater than 140/90 on at least two different measurements. Pre hypertension is pressure that consistently exceeds 120 /80 in an adult. If your blood pressure is found to be in the hypertensive range, you will be asked to see a doctor and bring evidence that the doctor considers it safe for you to exercise before being allowed to join the GSFC Fitness Center.

The fitness center staff will maintain a record of your blood pressure on this form. You may take your blood pressure as often as you like, and if it is borderline or high, you should maintain your own records and share them with your doctor.

I have read and understand the above.

WAIVER AND RELEASE OF LIABILITY

I have completed this questionnaire to the best of my knowledge and understand that I assume all risks of injury from failure to disclose accurate and complete information. If any of the above conditions change, I will notify the Goddard Fitness Center staff immediately. I also understand that this provides clearance for my participation in exercise programs only at low to moderate levels and that I assume all risks of injury, including fainting, irregular heartbeats, heart attack or death for exercising above a heart rate greater than 75% of maximal predicted heart rate.

I also recognize that there are many other risks of injury, including serious disabling injuries that may arise from my participation in this activity and that it is not possible to specifically list every one. I have had an opportunity to ask questions, and they have been answered to my complete satisfaction. I understand and expressly assume all these risks as stated and voluntarily choose to participate in this activity.

I hereby release and hold harmless the Goddard Fitness Center and vendor, it’s agents, employees, and independent contractors from any and all liability, damage, expense, causes of action, suits, claims or judgments, arising from injury, damage or loss, or claims of injury, damage or loss to me or my personal property which may arise out of my use of the Goddard Fitness Center facilities and/or their independent contractors. This release does not apply to acts of gross negligence performed by employees and/or contractors of the vendor resulting in direct injury to me.

GSFC Fitness Center
Member Courtesies, Rules, and Responsibilities

1. Must have a permanent GSFC badge to be eligible to join. Minimum age to join is 18.
2. All Participants MUST check-in to the computer BEFORE using the center.
3. All personal items must be stored in a locker. Lockers are for use during workouts only; personal items may not be stored at any other time.
4. All participants are required to wipe the equipment they use after each use. This includes the floor area surrounding the equipment.
5. Shirts, shoes and modest fitness attire must be worn at all times in the fitness area. Sandals, open toe/bare feet and street shoes are not permitted.
6. No guests are permitted.
7. Water and sports drinks in covered plastic containers are the only consumables permitted in the fitness center.
8. Please use sign-up sheets when any cardiovascular equipment you wish to use is not available. Observe the 30-minute limit when others are waiting.
9. Allow others to “work-in” on strength training equipment when you are doing multiple sets. If another member is waiting on a piece of equipment you wish to use, please let them know you wish to work in. Please do not occupy equipment you are not using.
10. Replace all equipment to its proper storage area. This includes dumbbells, barbells, plates, yoga mats and blankets, balls, tubing and other small moveable items.
11. Participants with out of date payment or health information will be asked to update paperwork before using the facility
12. As a respect to fellow members and the fitness center staff, threatening actions, profanity, and grossly rude conduct WILL NOT be tolerated. Members in violation will be escorted by security from the fitness center and his/her membership may be canceled. A temporary suspension of membership may ensue during an investigation.

I have read and understand these courtesies, rules, and responsibilities.
