

# Request for Waiver from EPA Comprehensive Procurement and USA Biobased Products Guidelines

For Instructions on the Form, refer to <http://code250/environmental/affirmative.html>

**Request Originator Name:**

**Code:**

**Project Name:**

**Reference Number:**

**To Be Completed By Request Originator:**

Items specified in this procurement:

- 1.
- 2.
- 3.
- 4.
- 5.

Approval by the GSFC Environmental Manager is required to purchase the item(s) above, which are on the U.S. EPA or USDA list and cannot be purchased with minimum recycled/recovered and/or biobased content. A waiver is required because:

Use of minimum content standards would result in inadequate competition.

Products meeting guidelines are only available at an unreasonable price.

Products meeting guidelines do not meet quality/performance specifications.

Products meeting guidelines are not available within a reasonable time frame.

For biobased only - Listed products are exempt because they will be procured for a spacecraft system of launch support equipment.

**Written justification and supporting material for not procuring designated items are attached.**

**Request Originator Signature:**

**Date:**

**Environmental Manager Name:**
